RAILROADS SELL CARS TO CANADA OFFICIALS LEARN

Pleaded Need of Cars to Get
Advance In Freight
Rates

AGENT CLAIMS HE BOUGHT 1700 OHIO COAL CARS

State Officials Indignant and
Drastic Action Is Indicated

(ASSOCIATED PRESS TELEGRAM)
Columbus, Aug. 9.—Attorney General McGhee and the state public utilities commission today are investigating reports that the Toledo and Ohio Central and Hocking Valley railroads have sold coal cars to the Canadian government. It was said that John Kay of New Brunswick, agent for the Canadian government, has admitted that he has purchased 1700 coal cars from railroads in Ohio.

Inasmuch as the railroads, in their demands to the public utilities commission for authority to increase freight rates, have urged as a reason for such increases the need of getting more money with which to get additional rolling stock, the discovery that they have been selling cars to another government has caused much amazement among state officials.

"This is the most outrageous thing I have heard of, and if true, which it seems to be, the railroads should be blown sky high," said Chairman O. H. Hughes of the utilities commission.

"It will be the policy of the state while I am attorney general to see that Ohio railroads keep their cars for their own use," declared Attorney General McGhee. "He said that there are not enough cars in Ohio to handle traffic and that if the Canadian government can use these cars, they can be used in the state of Ohio."

Attorney General McGhee said he has learned from H. E. Spears, general superintendent of the Toledo & Ohio Central railroad that this company recently sold 250 cars to the Canadian government, and that these cars are now at the company's shops at Logan undergoing repairs.

M. S. Bodenhamer, general manager of the Hocking Valley, denied that his company has sold any cars recently and stated that the last sale of cars made by his company was four years ago.

According to Kay, he has purchased 1700 coal cars from Ohio railroads during the last seven months. Attorney General McGhee figured today that these cars would have been sufficient to deliver one million tons of coal during that period.

Chief Railroad Inspector James B. Dugan of the utilities commission, and his entire force is at work investigating the sale of cars. Inspectors were sent to the Toledo and Ohio Central shops today to learn just how many cars are being repaired for the Canadian government.

Attorney General McGhee intimated that the state is ready to take drastic action to prevent another car owned by an Ohio railroad from being sold for use in another state or country.

TEUTONIC DRIVE IS AIMED AT ODESSA; AFTER BIG CROPS

(ASSOCIATED PRESS TELEGRAM)
London, Aug. 9.—Recent reports that the present German offensive in southwest Russia is aimed at the capture of Odessa are strengthened by a dispatch to the Times from that city saying the belief is growing there that the port is Germany's main objective and that Bessarabia will soon become the principal theatre of operations, as the enemy presses toward Odessa. The correspondent adds that the harvest is now being reaped in southern Russia and the enemy doubtless will try to secure it before it can be removed.

WILL ASK ALIENS TO WITHDRAW EXEMPTIONS

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Aug. 9.—Every alien in the first draft district of Pittsburgh, which district has a large foreign population who has filed a claim for exemption from service in the draft army on the ground that he is immune from military service in this country will be called before the district board and asked to withdraw his claim, according to an announcement by the board. Any alien refusing to waive claim for exemption on the ground of being an alien will have his name turned over to his country's legation which will be expected to take some action.

RUSSIA HAS LIBERTY LOAN.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Aug. 9.—Wednesday, the first of the three "Liberty Loan" days in Russia proved a great success. Automobiles paraded the streets of the capital and decorated booths were installed in the principal thoroughfares for the sale of the war bonds.

NEW WAR INDUSTRIES BOARD HAS IMPORTANT TASK, SAYS F. A. SCOTT

"Such a body as the new war industries board bids fair to be absolutely essential for co-ordinating our industries and putting them behind our military forces in the most effective manner," says Frank A. Scott, chairman of the board. "Furthermore it is one of the chief duties of such an organization not only to obtain the available supply on the best terms, but to develop greater supply for which there is present lack of producing facilities. We must foresee the military necessities for a long time to come and see that provision is made for them in advance."

Frank A. Scott, chairman of the new war industries board.

FOOD BILL CONTAINS DRASTIC DRY CLAUSES; PRESIDENT SIGNS FRIDAY

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 9.—All is in readiness today for putting the administration's food control and food survey bills into effect as soon as they become law with President Wilson's signature. The President will sign the bills tomorrow after the presiding officers of the Senate and House affix their signatures to the measures. This could not be done today because neither house was in session.

Final congressional action came yesterday when the Senate in rapid succession approved the conference reports on both bills. They already had been approved by the House.

The conference report on the food control bill was adopted by a vote of 66 to 7 and that on the survey bill by a unanimous vote. Those opposing the control bill were Senators Hardwick, Hollis and Reed, Democrats, and Senators France, Gronna, Lafollette and Penrose.

The first step in putting the new legislation into operation will probably be the appointment by the President of Herbert C. Hoover as food administrator and immediate operation under the legislation is expected to follow.

In addition to its comprehensive provisions for control of food, fuel, fertilizer and farm equipment, the control bill carries drastic prohibition features. Thirty days after it is approved it will be unlawful to use foodstuffs in the manufacture of distilled beverages or to import distilled spirits for beverages purposes, and the President will be empowered to commandeer for military purposes distilled liquors now held in bond and to regulate or restrict the use of foods in the manufacture of wine and beer.

In addition to the seven senators voting against the bill, Senator Gore, chairman of the senate agriculture committee, and Senator Sherman, Republicans, were paired and did not vote. Both announced that had they been at liberty to vote they would have been registered in the negative.

Senator Reed asserted that his opposition to the bill could not be construed as disloyalty, but represented his judgment that it would weaken the United States in the war.

"Is it a test of a man's loyalty to differ with the President?" he demanded.

(Continued on Page 11, Col. 3.)

PACIFISTS VOICED THREAT TO IMPEACH PRESIDENT WILSON

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 9.—Some pacifists held a meeting under the dome of the capitol today, demanded that congress stay in session until it had repealed the draft law and voiced threats of an attempt to impeach President Wilson unless that was done.

Senators and congressmen, invited to attend the meeting, under the auspices of People's Council of America for Democracy and Peace, dropped into the room and then dropped out again as the speeches proceeded.

The meeting was held in the Senate military committee room, where a few weeks ago the draft law was drawn and perfected. How the meeting came to be held there developed considerable feeling among senators.

Chairman Chamberlain of the military committee, said he had permitted the use of the room when Isaac McBride, formerly secretary to the late Senator Lane, of Oregon, asked him for it. "To have some friends meet some congressmen."

CLEVELAND THIEVES CARRY AWAY BIG SAFE

Cleveland, Aug. 9.—Two men in an automobile early this morning broke into a saloon of Robert Bernstein and stole the safe. Police say it contained about \$200.

No effort was made by the burglars to blow the safe or open it. This is the third safe that has been stolen in a similar manner in two weeks, police reports show.

ITALIAN WRECK CLAIMS 34.

Alexandria, Italy, Aug. 9.—Thirty-four persons were killed and 109 injured Tuesday night in the derailing of the Genoa-Milan express at Arquata.

OHIO ASSEMBLY HAS AUTHORITY TO FIX PRICES

Attorney General McGhee Holds Coal is Necessary to Public Health

PREDICT ACTION IN EXTRA SESSION OF LEGISLATURE

Opinion Declares That Food
Prices Also May Be
Fixed By State

(ASSOCIATED PRESS TELEGRAM)
Columbus, Aug. 9.—The state legislature has full powers to regulate the prices of coal and foodstuffs, according to the opinion given today by Attorney-General Joseph McGhee to H. H. Timby, state senator from Ashtabula.

Many people about the state capital took the attorney general's opinion to foreshadow possible price regulatory legislation before the contemplated special session of the Ohio legislature next winter.

In his opinion, Attorney General McGhee held that coal is a commodity, a supply of which is necessary to the public health and for the economic welfare of the public generally. In view of this and the fact that the United States is at war which is an abnormal condition, Mr. McGhee held that the legislature could enact price-fixing laws for coal, subject to certain limitations.

Senator Timby did not request an opinion as to food price regulations by the legislature, but the attorney general's opinion held that food and coal are in the same class and that food as well as coal prices could be regulated by the legislature.

In conclusion, the attorney general's opinion says:

"Therefore, it is submitted that the power to regulate the price of coal, which is a commodity, a supply of which is necessary to the preservation of the public health and for the economic welfare of the public generally, exists, whenever a situation develops which, in the judgment of the legislature, makes such a regulation necessary.

"That the legislature is the first judge of the occasion of the exercise of its powers; but that the occasion and extent to which the power is exercised is subject to review by the courts, so that no unreasonable or arbitrary action may be taken and the price fixed must be adequate.

That the state legislature must limit its action to intra-state transactions, and may not by its legislation impair the obligations of subsisting contracts; that a state of war is an abnormal condition which on its face would seem to justify the legislature in the exercise of such power, even if its judgment as to the occasion for such exercises is subject to review; and that generally, subject to the foregoing limitations, a law regulating the price

is necessary since on September 1 the war department will call for not to exceed one-third of the quota from each state to be entrained for mobilization camps between Sept. 1 and Sept. 5. Unless we wish to be put in a position of not furnishing men as fast as the war department is ready to receive them, each state should have accumulated by Sept. 1 a minimum of one-third of its quota not exempted or discharged. This can only be attained if local boards certify these lists up with great expedition.

Strict compliance with this rule is necessary since on September 1 the war department will call for not to exceed one-third of the quota from each state to be entrained for mobilization camps between Sept. 1 and Sept. 5. Unless we wish to be put in a position of not furnishing men as fast as the war department is ready to receive them, each state should have accumulated by Sept. 1 a minimum of one-third of its quota not exempted or discharged. This can only be attained if local boards certify these lists up with great expedition.

General Crowder also sent an additional caution to examining physicians of the local boards to watch for trachoma, an eye disease.

The lids of every recruit should be inverted to insure the absence of this disease and that any borderline or suspicious cases be referred to an ophthalmic surgeon especially qualified in this line," he wired.

The messages were followed up by a new ruling regarding exemptions because of dependents which is expected to decrease considerably the loss of men from the military service for this reason.

Boards are authorized heretofore to deny exemptions to married men whose wives are solely dependent on them, but where the parents or other relatives of either wife or husband are willing to assume the burden of her support during his absence. The same course is to be followed where any drafted man's employer agrees to continue his salary as a patriotic duty.

A third supplemental ruling provides that where a man has supported his dependents by his own labor on land which he owns and can be rented to advantage so as to contribute the support for the wife derived from the rental exemption for the man may be denied.

General Crowder's telegram to the governors follows:

"Under presidential regulations the term 'dependent for support' has given rise to several further questions of principle affecting large numbers of persons.

"The general basis for ruling upon such questions should be the spirit and purposes of the act in providing for such discharge, wherever the terms of the act and the regulations are not in themselves conclusive. The act authorizes the President to discharge

(Continued on Page 12, Col. 3.)

BOARDS TO EXAMINE ONLY ENOUGH TO COMPLETE QUOTA

(ASSOCIATED PRESS TELEGRAM)
Columbus, Aug. 9.—Steps were taken at state draft headquarters here today to have several boards cease examining men when it was learned that these boards apparently were taking it for granted that all men who registered are to be examined now. Action supposedly is due to reports from Columbus that the war department would be asked to complete the examination of all men now instead of just the number sufficient to provide quotas. Numerous orders for large shipments of blank forms which have reached headquarters here in the last 24 hours attracted the notice of the officials, who will instruct boards that it will not be necessary under present orders to examine more men than absolutely must be examined to fill the quotas allotted to the various districts.

Rejections for physical defects and claims for exemption by a greater number than was expected has caused many boards to apply for additional forms. In regulations, they say many more men than they expected to have been summoned to be examined to fill the quotas allotted to the various districts.

Senators and congressmen, invited to attend the meeting, under the auspices of People's Council of America for Democracy and Peace, dropped into the room and then dropped out again as the speeches proceeded.

The meeting was held in the Senate military committee room, where a few weeks ago the draft law was drawn and perfected. How the meeting came to be held there developed considerable feeling among senators.

Chairman Chamberlain of the military committee, said he had permitted the use of the room when Isaac McBride, formerly secretary to the late Senator Lane, of Oregon, asked him for it. "To have some friends meet some congressmen."

PRACTICE SHELL GLANCED; FOUR CIVILIANS KILLED

(ASSOCIATED PRESS TELEGRAM)
Atlanta, Ga., Aug. 9.—Army officers today were investigating the killing of four civilians yesterday during field artillery practice at Little Kennesaw Mountain, about thirty miles from Atlanta. They are trying to ascertain what caused the shell to ricochet to the point a mile from the mountain and looking into a story that another shell was diverted far from its course and injured a negro.

Frank St. John, an employee in the B. & O. station, was seriously injured Thursday morning when flying iron struck the face and neck lacerating in many places.

He was in Bazer's ambulatory clinic at the Newark Sanitarium where Drs. J. R. Moore and J. G. Shuler attended him and penetrating to the bone. One of it was cut through and a gash lacerated the angle of the jaw. Another piece of the iron penetrated the neck cutting the tissues.

He is resting more comfortably this afternoon.

FLYING IRON HITS STREAR; HIS FACE BADLY LACERATED

Frank St. John, an employee in the B. & O. station, was seriously injured Thursday morning when flying iron struck the face and neck lacerating in many places.

He was in Bazer's ambulatory clinic at the Newark Sanitarium where Drs. J. R. Moore and J. G. Shuler attended him and penetrating to the bone. One of it was cut through and a gash lacerated the angle of the jaw. Another piece of the iron penetrated the neck cutting the tissues.

CAZAR'S DECORATIONS CAST ASIDE BY TROOPS; METAL TO AID THE NEW ARMY

Looking over medals turned in by Russian troops.

Decorations from the czar are never worn by the troops of the new Russian army. Practically all of them have been turned in by the soldiers to the provisional government. The gold and silver contained in the medals can be turned to financial advantage to strengthen new Russia. Bronze and like materials can be used in making shells. Photo shows members of the financial committee of the council of soldiers and workmen with a quantity of medals turned in by one division of the army.

GEN. CROWDER ORDERS DRAFT BOARDS TO CERTIFY EXEMPTIONS PROMPTLY

Washington, Aug. 9.—More than 200,000 men of the selective draft forces will be called to the colors Sept. 1 to go immediately to their divisional training camps. This will bring the strength of the United States army on that date up to practically 1,000,000 men.

Brigadier General Crowder, provost marshal general, dispatched the following telegrams to the governors of the states yesterday, cautioning them to make certain that the first one-third of their quota of the first increment of registered men is ready in time.

New regulations governing mobilization and the certification of men from district boards to adjutants general will be mailed to you on August 9. In the meantime local boards should certify to district boards daily those who have been called and who are not exempted or discharged either because they failed to file any claim or because their claim has been denied.

A third supplemental ruling provides that where a man has supported his dependents by his own labor on land which he owns and can be rented to advantage so as to contribute the support for the wife derived from the rental exemption for the man may be denied.

General Crowder's telegram to the governors follows:

"Under presidential regulations the term 'dependent for support' has given rise to several further questions of principle affecting large numbers of persons.

"The general basis for ruling upon such questions should be the spirit and purposes of the act in providing for such discharge, wherever the terms of the act and the regulations are not in themselves conclusive. The act authorizes the President to discharge

OHIO TROOPS NEED CAMP SITE; STATE FAIR DATE NEAR

(ASSOCIATED PRESS TELEGRAM)
Columbus, Aug. 9.—Because another satisfactory location cannot be obtained immediately, approximately 3000 National Guard troops encamped at the state fair grounds here, cannot be moved from their present quarters until some time next week.

The state fair board asked the military authorities to remove the troops at once so that preparations can proceed for the opening of the state fair late this month. Quarters at the Columbus barracks could not be obtained and it was said that the troops will not be moved until some time next week. Officers are looking for

boards to certify these lists up with great expedition.

BIG REVIEW OF EMBRYO OFFICERS AT FORT HARRISON

Indianapolis, Aug. 9.—The largest military review ever held at Ft. Benjamin Harrison, where thousands of young men from West Virginia, Ohio, Kentucky and Indiana, are training for the officers' reserve corps, takes place tomorrow. In addition to Major General Barry, commander of the central department, the governors of the four states represented by the candidates have been invited to attend. Governors Cox of Ohio, Stanley of Kentucky, and Goodrich of Indiana, already have visited the fort.

Staging the review shortly before the close of the training camp, will show to the best advantage what the men have learned. All told, about 12,000 troops will take part.

There has been a great improvement in the student officers and their ability. As the camp nears a close, and as various ones have been given opportunities to display their ability to handle men in different formations, and to meet many supposed situations, stories are being circulated concerning the earlier experiences of the temporary officers and their ways of extricating themselves from seemingly unmanageable tangles.

One student officer in his first attempt to command succeeded in tying his men in a knot which puzzled him, and the more commands he gave and the more they obeyed the worse the tangle appeared. The instructing officer offered no suggestions. Finally, in obedience to a command which was not meant to work that way the company marched into a fence where it had to stop. The cadet was almost desperate, but quickly ordered:

"Get away from that fence!"

GET GROUNDS READY FOR BIG STATE FAIR

Columbus, O., Aug. 9.—Assurance is given that the troops now camping at the state fair grounds will all be gone within 10 days, so that nothing will prevent everything being put in readiness for the state fair to be held August 27-31. Part of the Ohio troops have already left, the state and others will leave during the week. A few may be retained for guard duty and the others will go to Montgomery, Ala., where the camp has been practically completed. Just as fast as the buildings are vacated at the state fair grounds, Secretary Shaw puts a force of men to work building stalls and putting up decorations for the exhibitors who will within a few days begin sending in their exhibits. It requires almost two weeks time to get everything in readiness, and this year, because of the fact that every bit of available space is sold, several large tents will have to be erected to accommodate some of the firms who will make exhibits. The parking space for automobiles this year will be greater than ever before and 15,000 automobiles can be, if necessary, taken care of properly. Special guards and watchmen will be on duty at all times to look after the property of the auto-owners.

B. & O. OPERATING REVENUE INCREASED 16 MILLIONS

Having changed the fiscal year to coincide with the calendar year and to conform to the action taken by the Interstate Commerce Commission and several of the State Commissions, the ninety-first annual report of the Baltimore and Ohio Railroad Company will be received by the stockholders today.

Total operating revenues for the year were \$116,968,881.68, an increase of \$16,251,153.48, which is attributed to the unprecedented volume of traffic handled, while total operating expenses were \$84,460,294.72, an increase of \$16,867,492.66. Of this increase, \$9,160,477.28 was in maintenance, which was 32.82 per cent of operating reve-

45 PER CENT IN COUNTY ARE PHYSICALLY UNFIT

Granville, Aug. 9.—The draft board at noon yesterday finished up its task of examining and passing upon the physical condition of the quota of men assigned to the county. There were only 13 of those examined who failed to have cause for exemption. About 45 per cent of those examined were found to be physically unfit.

Although there are four examining doctors on both the local and Newark boards the local board examined, and acted on, 280 men in the same length of time the Newark board took to examine, but not pass upon 190 men.

A man could learn within an hour whether he was passed, physically,

GOVERNMENT WILL TAKE OVER PLANTS DELAYING WAR PLAN

Washington, Aug. 9.—President Wilson again has stepped into the breach to settle conflict between labor and capital which threatened to delay the nation's war program. He has let it be known that the Government's commandeering power will be made felt wherever labor troubles are holding up Government work.

Secretary of War Baker will wield the power, it is stated. At the direction of the President he will place oil plants working on Government contracts under Government supervision and keep them there until the war ends. The plan is said to have the complete endorsement of Samuel Gompers, President of the American Federation of Labor.

The first step in the President's program of settling labor disputes was taken when he conferred with William Dynant, of the Council of Defense Mining Committee; James Lord, representing the American Federation of Labor, and Frank Farrington, of the Illinois Miners. It is understood that the President delivered an ultimatum that the production of raw materials needed in the manufacture of munitions must not be allowed to lag through friction between employers and employees.

The impression given the labor representatives was that the Government's commandeering power might be extended to the mines if it should be found necessary.

Conciliation committees will be appointed within a few days by the Secretary of War, it is reported, and these committees will endeavor to effect peaceful settlements of all labor disputes. Failing to do so they will report to the Secretary that Government conduct of the industries affected is the only method left.

GERMANS USE NEW POISON GAS; MANY DEATHS RESULTED

Hazebruck, France, Aug. 9.—British medical officers are trying to determine the nature of the new poison, used, it is believed for the first time by the Germans on the French town of Armentieres, near the Belgian frontier. The poison bore a certain resemblance to the gas which temporarily blinded a large number of British troops a fortnight ago, but its effects are infinitely more serious. A number of persons taken from Armentieres are in a grave condition. Many have died in hospitals at Hazebruck, Aire-on-the-Lys, and particularly at St. Pol-en-Ternoise, where most of the victims were taken.

The first time the new position was observed it coincided with the firing into the town of a hail of small shells of a calibre insufficient to break the paving. These contain neither powder nor gas but a colorless liquid which spreads over the soil. In the streets and in courtyards and gardens where the shells burst, traces of the noxious liquid may be found hours afterwards.

As the liquid evaporates it produces a heavy gas which penetrates from room to room and descends into cellars. It is tenacious in character and seems to make more victims among women than men, closing about their hair. The fumes of tobacco seem to act as an antidote in the case of men.

The odor is variously described as resembling that of acetylone, mimouette or pungent mustard. Its effects are not immediate. Some inhabitants of Armentieres who inhabited the emanations in the forenoon returned home without experiencing any ill effects and took luncheon, but five or six hours later they were obliged to take to bed and their condition became rapidly worse.

The victims at first were affected in the bronchial tubes, then their eyes swelled and eventually they lost their sight. These symptoms were accompanied by a feeling of burning inside and an incessant cough and fever. The skin turned an earthy color and in several cases death followed rapidly. Occasionally, in addition to the symptoms mentioned, the victims were affected by terrible hallucinations and delirious laughter.

Names of other Ohio men to receive commission will be announced tomorrow.

SOME CANDIDATES LEAVING.

Indianapolis, Ind., Aug. 9.—Men who have taken the officers' reserve training course at Ft. Benjamin Harrison, and who have learned definitely they will not be commissioned, are leaving the fort for their homes. The exact number who will be commissioned was unknown here early today, but those who are leaving have been told they could depart as it was useless for them to remain longer. Most of them are disappointed. They are leaving quietly.

The training camp will end next Wednesday.

The big day of the entire course will be tomorrow when there will be a grand review and parade of all men at the fort. The young men have termed the affair "their commencement."

Governor James M. Cox of Ohio, and Governor Goodrich of Indiana, both have promised to be present.

Governor Kent of Kentucky, and Governor Cornwell of West Virginia, have not as yet said definitely whether they will be at the fort, but Governor Cornwell, when at the camp recently said he would try to return.

Plans have been made for Major General Barry, commanding the central department of the United States army, to review the parade.

Two other events, both for trotters, are on today's card. In the field for the 2:15 event will be DeJolla, Lord Talbot, Cora Davis, Binnion, Lu Princeton and Letanna S.

Entries in the 2:18 trot are Minnie Arthur, Lewis Winter, Hollywood King, Judge Jones, Peter Schuyler, North Spur, Dagastan and Lady-in-Black.

A fast track is expected for today's racing as yesterday's rain was not heavy enough to spoil the going this afternoon.

GERMANS USE PAPER COFFINS.

Associated Press Telegrams

Amsterdam, Aug. 9.—Coffins of waterproof cardboard are now being made in Germany, according to the Tagliche Rundschau of Berlin. The lids are glued instead of being nailed down.

U-BOATS MAKE SLIGHT GAIN IN THE PAST WEEK

London, Aug. 9.—Twenty-one British vessels of more than 1,600 tons and two smaller ones were destroyed by German submarines or by mines during the past week, according to the official summary issued tonight.

Thirteen ships were attacked unsuccessfully. No fishing boats were sunk. This week's report shows a slight increase over the losses announced last Wednesday.

Since April 25, 454 vessels of more than 1,600 tons and 1,0 smaller ones have been destroyed. The following table shows the weekly losses:

Week ending	Ships More Than 1,600	Ships Less Than 1,600	Tons Tons Tot.
April 25	40	15	55
May 2	33	13	51
May 9	24	22	46
May 16	13	5	23

COMMISSIONS TO BE AWARDED SOON AT FORT HARRISON

(Special to Advocate.)

Pt. Benjamin Harrison, Ind., Aug. 9.—The young men from Ohio, who have been in the officers' training camp here for about three months, expect to learn their fate this week. They may leave late today or tomorrow or not until Saturday. Not more than 75 per cent of the men who entered the Ohio camp are here today.

While no authoritative announcement can be made, there is general belief among the men that Charles W. Montgomery will be given a captaincy or something better, and it is said that John S. Fleck, who is in the artillery service, will be made a lieutenant. It is said that Harold Rutledge will be given a lieutenancy or will go into the second training camp which opens here the latter part of the month. Richard Jones is to be a second lieutenant in the regular army. Walter Tritipo, Carl Myers and the other Newark boys who are here have good records and their friends here are expecting that they will be honored with commissions.

Ralph B. Priest, who has been in the artillery service left for Newark last night intending to enlist in the motor truck transportation department. It is said this morning that Willie Handel, another Newark man, will enlist in the new National army and be appointed a sergeant.

As the liquid evaporates it produces a heavy gas which penetrates from room to room and descends into cellars. It is tenacious in character and seems to make more victims among women than men, closing about their hair. The fumes of tobacco seem to act as an antidote in the case of men.

The odor is variously described as resembling that of acetylone, mimouette or pungent mustard. Its effects are not immediate. Some inhabitants of Armentieres who inhabited the emanations in the forenoon returned home without experiencing any ill effects and took luncheon, but five or six hours later they were obliged to take to bed and their condition became rapidly worse.

The victims at first were affected in the bronchial tubes, then their eyes swelled and eventually they lost their sight. These symptoms were accompanied by a feeling of burning inside and an incessant cough and fever. The skin turned an earthy color and in several cases death followed rapidly. Occasionally, in addition to the symptoms mentioned, the victims were affected by terrible hallucinations and delirious laughter.

Names of other Ohio men to receive commission will be announced tomorrow.

MT. STERLING MAN GETS COMMISSION AT FORT HARRISON

ASSOCIATED PRESS TELEGRAM

Chicago, Aug. 9.—The following Ohio men at the officers' training camp at Ft. Benjamin Harrison, Ind., have been given commissions, according to announcement by military authorities at central department headquarters here today:

R. Miller, College Corner, and Harry E. Johnson, Cleveland, captains; C. J. Bradley, Cleveland, first lieutenants; H. L. Emerson, East Cleveland; Park M. O'Neill, Cleveland; James W. Parker, Eaton, and Daniel A. Schryver, Mt. Sterling, second lieutenants.

Names of other Ohio men to receive commission will be announced tomorrow.

SOME CANDIDATES LEAVING.

RESULTS TELL

There Can Be No Doubt About the Results in Newark.

Results tell the tale.

All doubt is removed.

The testimony of a Newark citizen.

Can be easily investigated.

What better proof of merit can be had?

R. F. Powell, prop. of upholstering establishment, 44 Thirteenth St., Newark, says: "On three different occasions I have suffered from kidney trouble. Rheumatic pains caused me a lot of misery. At one time I was unable to feed myself, not being able to raise my hands to my mouth. My kidneys at times did not act for hours and the secretions burned in passage. I am an upholsterer and have more or less bending and stooping to do. It was hard for me to keep going sometimes, owing to the dull ache across my back, but just as soon as I began taking Doan's Kidney Pills, I got relief. Of late, I have felt fine."

ACIDS IN STOMACH
CAUSE INDIGESTIONCreate Gas, Sourness and Pain
How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestives are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisulat Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisulat Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach inexpensive to take and is the most efficient for most stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advertisement.

Resinol
the tested
skin-treatment

If you want to experiment on your skin, there are plenty of treatments to experiment with. But if you want something whose value has been proven by years and years of successful use, if you want a treatment that doctors prescribe constantly, that you know contains nothing harsh or injurious, you will find it in Resinol Ointment, aided by Resinol Soap. It easily stops itching markedly, and rarely fails to do away with the trouble of eczema of similar eruptions. Resinol Ointment and Resinol Soap are sold by all druggists.

RHEUMATICS
NO LONGER
IN DOUBT"Neutrone Prescription 99" Cures
and Keeps Them Cured

Rheumatism had been considered incurable until "Neutrone Prescription 99," a combination of rheumatic reducing elements, was placed in the hands of its thousands of sufferers.

"Neutrone Prescription 99" is a specific positive in its action, quickly removing all aches and pains in inflamed joints and muscles, and helping them up in a way that would surprise you.

"Neutrone Prescription 99" will relieve the worst symptoms in the most severe cases of Rheumatism within one or two weeks. Go get a 50c or \$1.00 bottle and watch it work. Nothing has ever done what this prescription will do. Mail orders filled on \$1.00 size.

For Indigestion Try
Magnesia Neutralate

IT'S SAFER THAN DRUGS.

Many people just now are complaining of indigestion, the most common symptom being a burning sensation in the pit of the stomach, the tongue, the neck, or glands, salivation to the throat. Hysterical heartburn. Contrary to general belief these symptoms do not always indicate any constitutional fault in or disease of the digestive apparatus. In fact, in many cases of heartburn it can be found that the trouble arises solely from an excessively acid condition of the stomach and consequent fermentation of the food contents. Medicines and artificial digestives are not only useless in such cases, but they do positive harm because they do not neutralize the acid which is the root of the trouble. For this purpose the best thing to use is a simple, harmless neutralizer such as the plain magnesium carbonate, two to three grains of T. P. Grape-Nuts good drug druggists. Readers who are troubled with any of the symptoms named above should get a supply of magnesia neutralate and take a teaspoonful in a little water after meals. It will neutralize the harmful acid and prevent food fermentation and may probably also prove that the trouble which appeared so serious was nothing more than an accumulation of acid in the stomach after all.

Society

(Society Editor, Auto Phone 23423.)

Miss Frances Prient will entertain the members of the Thursday Afternoon Sewing Club on Friday at her home in North Fifth street.

Mr. and Mrs. S. B. Besse of Summit Station, Ohio, announce the marriage, September 1, 1916, of their daughter, Miss Glorine Boner Besse, to Victor Geiger of Detroit, Michigan. The service was solemnized at the Woodward Avenue M. E. church, Detroit, by the Rev. John H. McCune. Mrs. Geiger is instructor in dramatic and girls' gymnasium classes in the Warren high school. Mr. Geiger is superintendent of schools in Galena.

Announcement is just made of the marriage of Miss Glorine Boner Besse, daughter of Mr. and Mrs. S. B. Besse of Summit Station, to Victor Geiger of Detroit, Mich. The wedding was solemnized on September 1, 1916, by Rev. John H. McCune of the Woodward Avenue M. E. church.

Misses Anna and Louise Sheridan of North Morris-street are entertaining the members of the Thursday Evening "Euchre" Club today with a picnic party at Berry's on the other side of Buckeye Lake.

Alexandria

Miss Marie Conrad left Wednesday for New Plymouth, where she will visit her sister, Mrs. Will Rannatt.

A. D. Burnside spent several days last week in Richwood, O.

Mrs. John B. Moore, North Sixth street, left today for Niagara Falls, to spend three weeks with relatives.

Mrs. Wayne Day and Miss Lucille Conlon are spending the day at St. Mary's academy, Columbus.

Granville

(Special to Advocate)

Granville, Aug. 2.—Last night for the first time, the chautauque tent was filled to capacity with a crowd eager to see Henry the magician in his many wonderful feats of legerdemain closing with a marvelous exhibition of skill in chalk and sand pictures. It would seem that all the children in and around Granville were grouped in front of the platform, where they placed row after row of chairs in front until the great man could with difficulty descend the steps into the audience. It was all very wonderful and everybody enjoyed "being fooled." The musical prelude given by the Chicago Male Quartet was a pleasing introduction to the evening's entertainment as these artists have made many friends during their three days' stay in Granville.

The Women's Christian Temperance Union will meet at the home of Mrs. Christine Cook on Friday afternoon, August 10, at 3 o'clock.

Mrs. Sarah Rose will be the leader.

"Citizens in training" will be the topic.

The Licking County Suffrage Association will meet in the directors' room of the Home Building Association Friday afternoon, August 10 to 2:30.

Two high class musical entertainments remain on the chautauque program.

The Oxford Quartet this afternoon and tonight and "Boston Symphony Sextette" Friday afternoon and night.

Every hour of the day witnesses some good thing going on in the tent, on the campus, in Recital hall or in Stone hall.

Misses Nina Ackley, Mabel Draper and Ruth Barrington have been elected to fill the vacancies left on the teaching force of the public school by the resignation of Misses Marjorie Lawhead, Evangeline Dorsey, Leona Griffith and Alice Wright.

Prof. and Mrs. Theodore Johnson, who have been in Northport, Mich., during the past month have returned to Granville.

Dr. and Mrs. F. B. Larimore, son of Mrs. John Larimore, announced the birth of a son on August 6, at their home in New Philadelphia.

Mrs. Carl Doney, who has been visiting relatives and old friends in Granville, has left for her home in Salem, Oregon.

Dr. Doney at one time was the popular pastor of the Granville Methodist Episcopal church.

Mrs. August Odebrecht left for Columbus yesterday where she will be the guest of relatives until Saturday.

Mrs. James F. Baldwin of Poughkeepsie, N. Y., and her sister, Miss Helen Baldwin of Josie, Ill., both guests of their parents, Dr. and Mrs. C. J. Baldwin, were Columbus visitors yesterday.

Mrs. Carl Price has returned to her home in Mulberry street, after a three weeks' sojourn in Grant Hospital, Columbus.

Eastern Star will meet Friday evening at 7:30. It is requested that all members be present.

Spring Valley Lodge of Rebekahs will hold a meeting on the evening of August 15, in I. O. O. F. hall.

Initiation and refreshments.

Mr. and Mrs. Fenwick Ewing and son, Tom, of Wooster, formerly of Newark, were registered at the Buxton house yesterday and today.

Mrs. August Odebrecht left for Columbus yesterday where she will be the guest of relatives until Saturday.

Mrs. James F. Baldwin of Poughkeepsie, N. Y., and her sister, Miss Helen Baldwin of Josie, Ill., both guests of their parents, Dr. and Mrs. C. J. Baldwin, were Columbus visitors yesterday.

AUDITORIUM.
Marguerite Clark, who is seen at the Auditorium today in "Silks and Satins" for the last time, is taking lessons in boxing, to prepare her for unique parts in Arthur V. Johnson's "The Amazon." The use of realism in staging of phonograph productions has its remarkable dilemmas for the stars and motion-picture directors. Can you fancy Miss Clark's feelings when she reads the portion of the script of Pinto's "The Amazon," which details a boxing bout between two of the girls in the history. Diminutive Miss Clark is most peaceful by nature, and has never participated in the rough and tumble even her school days, though one of the best families in some of the best families.

The Love That Lives.

Large crowds took advantage of the Auditorium's extra feature yesterday and the showings of the two great dramatics will be seen every day for the last time. Pauline Frederick in "The Love That Lives" and Marguerite Clark in "Silks and Satins."

Having recently appeared as a debutante, an abused wife of a wealthy man, and as a simple Pauline Frederick, one of the greatest emotional actresses of the screen, has turned her attention to a lower role—that of an office scroungoman. At first, thought this would seem to be an unwise choice for the divinity, Miss Frederick—but having seen the picture one realizes that it ranks among the best of her career. No mention is needed for Miss Clark's work in "Silks and Satins." It is good, that is enough. The showings tonight begin promptly at 6 p.m.

To Honor and Obey.

Tomorrow and Saturday the Auditorium will offer a strong dramatic picture in "To Honor and Obey," a powerful political drama which gives Greta Garbo its star, the opportunity to show all her wonderful histrionic power.

Miss Brockwell takes the part of a woman who makes an unhappy marriage. To save her husband from financial ruin, she unfortunately places herself in a false light. He only waits for an opportunity to leave her, gets a divorce and marries a flirtatious shopgirl. His former wife goes to a courtly drudgery. She is rescued by a man who was a suitor before her marriage.

Notes.

Pathe Weekly is seen at the Auditorium, and is full of latest news events, the war section being especially most interesting.

The Sunday program is one that will please all, the big feature being the Triangle Masterplay, "The Thoroughbred," with Fred Keenan as the star. A two reel comedy for the matinee stars, "A Two reel comedy" is also promised.

Manager Fenberg of the Auditorium is arranging a special program for his Sunday friends, the big feature of course being the pathe weekly, "The Thoroughbred" with Frank Keenan, noted actor as the star. This is a wonderful racing story, the scenes being pretty and well laid. A two reel comedy for the matinee stars, also a two reel, with some pleasant amusement seekers on that day. The orchestra will play a special musical program.

Manager Fenberg promises his patrons on next Saturday when the program is seen, a whale of a laugh, in the two reel comedy, "A Mirth of a Nation." This feature will positively be seen.

ALHAMBRA.

"The Price of Pride" is the title of the latest World Picture Brady-Made which will be seen tonight at the theatre with Carlyle Blackwell and June Elvidge as the stars. This is a real drama, the scenes being all around the world, but that's not the idea. Carlyle is for the prince. Here was the real kind, and she braved death and unknown dangers and being misunderstood—which is sometimes worse—to win the man of her heart. This feature will again be in the Alhambra on Friday and Saturday.

GRAND.

"It Happened To Adele" is such a "bunner" that it combines the two strong elements yet discovered to appeal to human beings—love and adventure. There is a lot of like-worlds affection going around in this world, but that's not the idea. Carlyle is for the prince. Here was the real kind, and she braved death and unknown dangers and being misunderstood—which is sometimes worse—to win the man of her heart. This feature will again be in the Alhambra on Friday and Saturday.

GRAND.

"It Happened To Adele" which stars Carlyle at the Grand on Thursday and Friday is the new sort of story of the stage. It is a story of a chorus girl—but there are no stage-door matinees. There are no star-studded matinees, who offer star-dom for a price. The actress hasn't a single chance to say "I would rather be virtuous than rich." There isn't a vampire stage woman who tries to shoot her heart out, the only difference is that Carlyle is for the prince. Here was the real kind, and she braved death and unknown dangers and being misunderstood—which is sometimes worse—to win the man of her heart. This feature will again be in the Alhambra on Friday and Saturday.

"It Happened To Adele" which stars Carlyle at the Grand on Thursday and Friday is the new sort of story of the stage. It is a story of a chorus girl—but there are no stage-door matinees. There are no star-studded matinees, who offer star-dom for a price. The actress hasn't a single chance to say "I would rather be virtuous than rich." There isn't a vampire stage woman who tries to shoot her heart out, the only difference is that Carlyle is for the prince. Here was the real kind, and she braved death and unknown dangers and being misunderstood—which is sometimes worse—to win the man of her heart. This feature will again be in the Alhambra on Friday and Saturday.

How to Tell the Rank of Our Soldiers and Sailors In Uniform

Stripes on Sleeves and Collars Denote What Branch of Service and What Office the Wearer Holds.

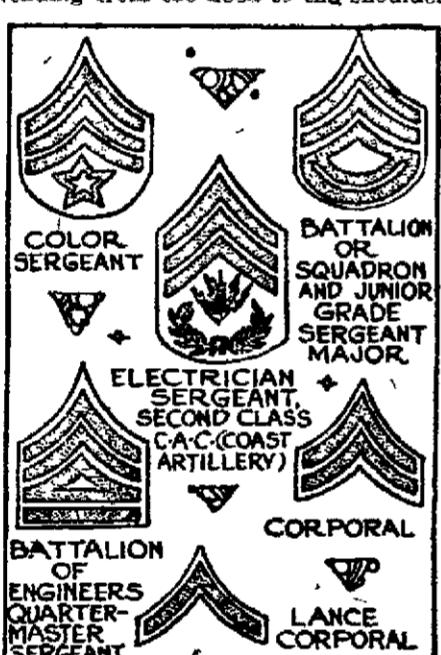

Streets of Cities and Towns Filled With Uniforms and Everybody Should Know What the Insignia Denote.

In these martial days, when the eyes of the civilian nation are upon the army and navy, every one, from the boy scout and campfire gill age to the graybeards and grandmothers, is, or should be, anxious to know all about these two arms of the country's defense. With the streets of all cities and towns full of officers of both branches the most obvious bit of knowledge to be first gleaned is how to

commanders, gun pointers, signal corps, hospital corps, professors of mathematics, civil engineers, medical corps, paymasters, engineers of various sorts, musicians, subsistence department, saddlers, farmers and artificers. The meaning of most of these insignia, however, is so plain as to need no explanation.

One row of symbols is worn extending from the neck to the shoulder

distinguish not only the more highly placed ones, but those who belong to the various divisions of the military and naval personnel.

With this end in view there is presented herewith a comprehensive series of insignia. As will be realized at a glance, it is no easy feat of memory to place all these accurately in one's

mind ready to be called forth when occasion arises, as it does many times in a stroll down almost any street, but this is a small matter indeed compared with what must be memorized by the men who wear these insignia.

The ones shown here are only

uniforms of khaki, while the more elaborate ones are worn across the shoulder with uniforms of blue cloth.

Most of the other insignia are found either on the neckband or sleeve. Numbers on collar devices show to what regiment the wearer is attached. Militiamen are distinguished from those of the regular army in that the former wear bronze initials of their state in addition to the devices shown, which are indicative of the branch of the service they are in, while the regulars wear the initials "U. S." Members of volunteer regiments wear the

initials "U. S. V." When wearing the khaki uniform a second Lieutenant is distinguished by a bronze coat of arms of the United States on his service cap and on his belt and a gold and black braided hat cord.

The wearing of colored hat cords, by the way, is a comparatively recent innovation in the army, and, since there are many more privates in any military organization than there are officers, it is perhaps as well to memorize the significances of these. Here it is in brief: Yellow for cavalry, light blue for infantry, red for artillery, maroon

for medical corps, black for all staff departments, red piped with white for engineers' corps, black piped with red for ordnance department, buff for quartermaster corps, salmon with white edge for signal corps. All commissioned officers wear a gold and black braided hat cord when wearing service hats, and the coat of arms of the United States is worn by all commissioned officers on hats, caps and belts.

Collar ornaments of commissioned officers in the navy are: Ensign, a silver

OSTEOPATHY FOR SOLDIERS ASKED IN A BILL INTRODUCED

(Special to The Advocate) Columbus, O., Aug. 9.—Profiting by the experience of the allied armies in Europe, American troops are not going to suffer from the lack of specialists in mechanical adjustment to repair the cripples and nervous wrecks produced by the thousands in this modern war. The American Osteopathic Association at its annual convention, which is in session here all this week, perfected arrangements for an adequate supply of osteopathic physicians and surgeons for the United States army and navy, and offered them to the government. A bill has been introduced in congress providing for this service, and osteopathic patients all over the country are writing the war department insisting that their sons in the service be attended by practitioners of the school of practice to which they are accustomed. In Europe the old school physicians admit that they cannot handle the enormous amount of mechanical treatment necessary and the British parliament has been interpolated to know why osteopaths were not employed in the service.

The first announcement of a cure for the so-called "incurable" form of deafness, nerve deafness, was the most important event of the convention, aside from the war preparations. Dr. John Deason of Chicago, who for years was the director of the Osteopathic Research Institute, is the discoverer. He reported on 500 cases, which had been absolutely differentiated from the curable forms of deafness. He claims that he gets results in 90 per cent of these cases, which all authorities assert are absolutely incurable. The method includes osteopathic adjustment, irrigation of the nose with four gallons of warm-antiseptic solution and the removal of all adhesions from the throat by osteopathic "finger surgery."

Fifty per cent of the tonsils "slaughtered" by the surgery of the old school specialists could be preserved to normal function by osteopathic treatment, according to Dr. C. A. Dodson of Little Rock, Ark., who read a paper in the ear, nose and throat section.

Blame for the shocking unfitness for military service of such an amazing percentage of American men was laid at the door of the public school system by Dr. J. A. Ryle of Hasbrouck Heights, N. J.

The universal belief that most disease is caused by bad teeth and tonsils and that it is cured exclusively by their removal, was upset by Dr. George J. Conley, a general surgeon of Kansas City, who insisted that these things did not cause disease until some locality was sufficiently lowered in resistance so that it could not defend itself. The principal thing which lowers this resistance is some sort of displacement or pressure interference which may be discovered by the osteopath and removed by osteopathic adjustment.

Less than 12 per cent of the school children in America have normal vision, according to Dr. C. E. Abeglen, oculist, of Cofax, Wash., who said that boards of education commit "moral and social crime when they fail to have adequate annual examination of school children by competent specialists.

Exercise is the best preventative and the best cure for spinal trouble, asserted Dr. Andrew A. Gour, the Chicago specialist on physical culture. No treatment is adequate without it, he said.

Mental defectives are increasing at an alarming rate, reported Dr. Ira W. Drew, professor of diseases of children in Philadelphia College of Osteopathy. More than 300,000 are roaming the streets today, an unrestricted menace to the future welfare of the country, he says.

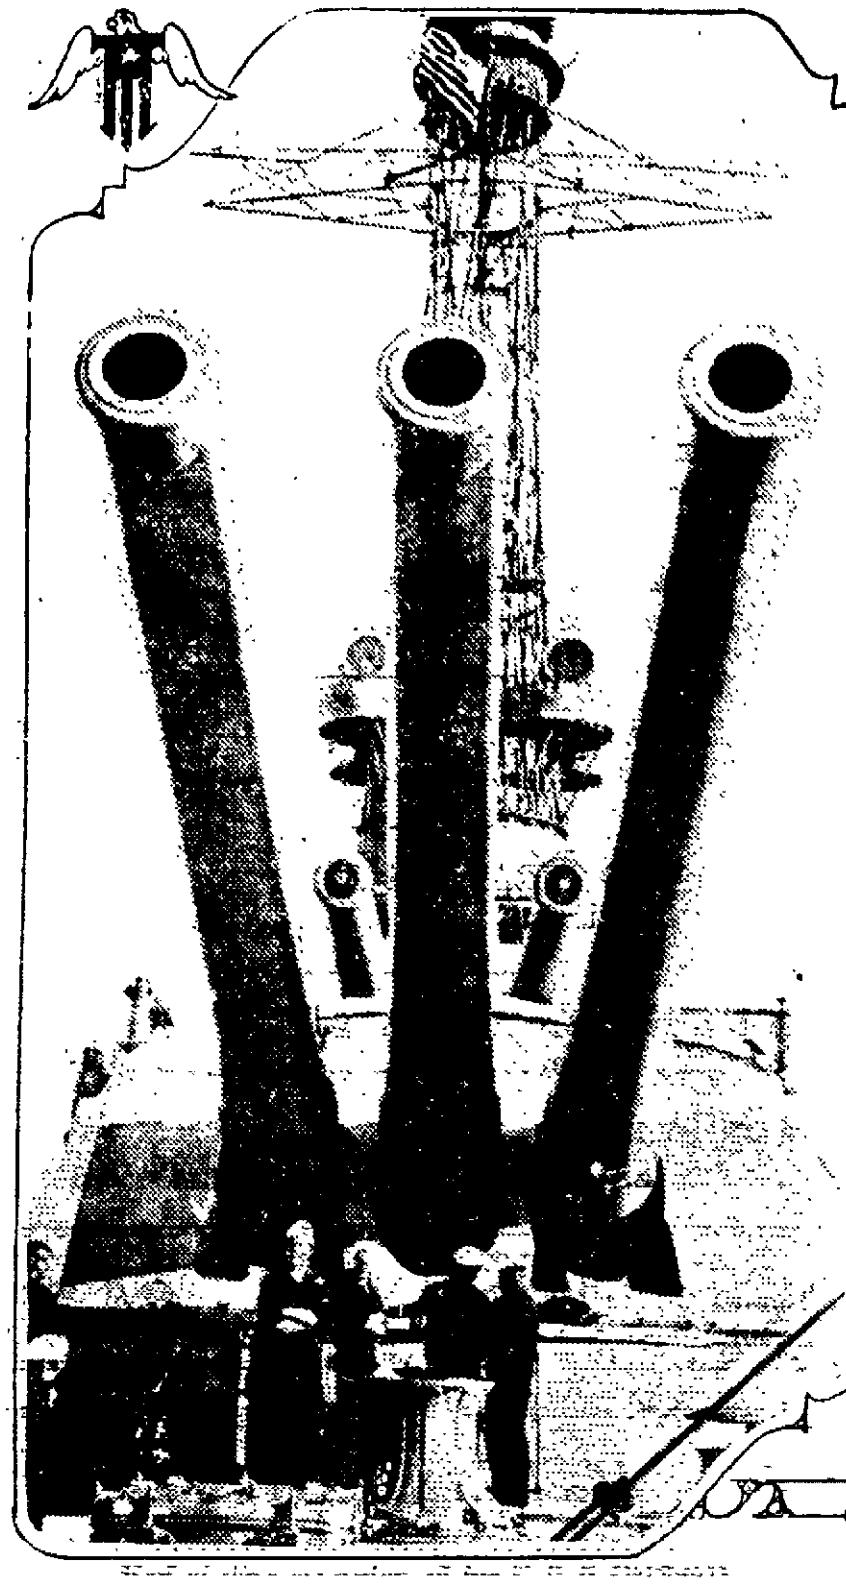

Certain rays of the sun have been found to cure all cases of skin cancer which have not gone to the glandular involvement, reported Dr. J. O. Day of Louisville, Ky., who claims that after a lapse of ten years there has been no relapse in any of the cases in his series.

The "X-ray faker" was denounced by Dr. Earl B. Hoskins as the very latest scientific fraud. Dr. Hoskins is chief of the clinical department of the A. T. Still Research Institute of Chicago. He says that this most valuable diagnostic method can be misused by imitators of osteopathy to show displacements of bones where none exist.

A good job of vulcanizing is worth the price, Victor Vulcanizing Co., 43 South Second street, L. R. Eby, manager. The home of Victor Tires. 8-8-21

After all, the man who stands on his dignity is to be preferred to the one who sits all over us.

"THREE OF A KIND AND A PAIR"

Half of the main battery of the U. S. S. Oklahoma.

In poker parlance this is a "full house," three of a kind and a pair. In any parlance it's a pretty powerful hand and a strong rebuttal for any argument. Actually the photograph illustrates half of the main battery of the battleship Oklahoma, five 14-inch guns. A salvo from this group, properly directed, would sink anything afloat.

How to Be Rid of Dangerous Dandruff

FRANKLIN GRANGE PICNIC AUGUST 21 DUSTHEIMER GROVE

The only way to get rid of dandruff—the sure hair destroyer—is to remove the cause. Dr. Sangerbund, the famous Paris Specialist, discovered that dandruff and falling hair are caused by a microbe. When came the discovery of the value of the genuine Parisian sage (liquid form) to destroy this germ, and promptly prevent the further loss of hair. Get from your druggist about four ounces, and rub a small quantity well into the scalp. Only a few applications are usually needed to destroy the germs that cause dandruff; your scalp will immediately feel cool and comfortable, and your hair appear soft, bright-looking and seems heavier than it really is. Since Dr. Sangerbund's discovery the American people are realizing that dandruff is as unnecessary as it is dangerous, and that they can be quickly rid of it and save their hair by a few days' use of this inexpensive and harmless liquid. Be sure you get the genuine Parisian sage (Giroux's) for this brand will not stain the hair and is guaranteed to give perfect satisfaction or money refunded. W. A. Erman can supply you. 8-9-14-15

SAVING \$146.00.

Would you at small expense like to have your water pumped, all your light machinery turned—thereby hastening your chores and eliminating for your wife the job of constantly cleaning and filling lamps and lanterns and lightening her household labors, would you like to have a Delco Light system that would do all this for you at small expense? Your time and that of your wife is worth at the very least twenty cents an hour, which is forty cents a day, saving in a year—365 days—\$146.00. This system is being installed in many farmers' homes by J. M. Thomas, 47 S. Third street, Newark. Come in and see him about it. 8-9-8-17

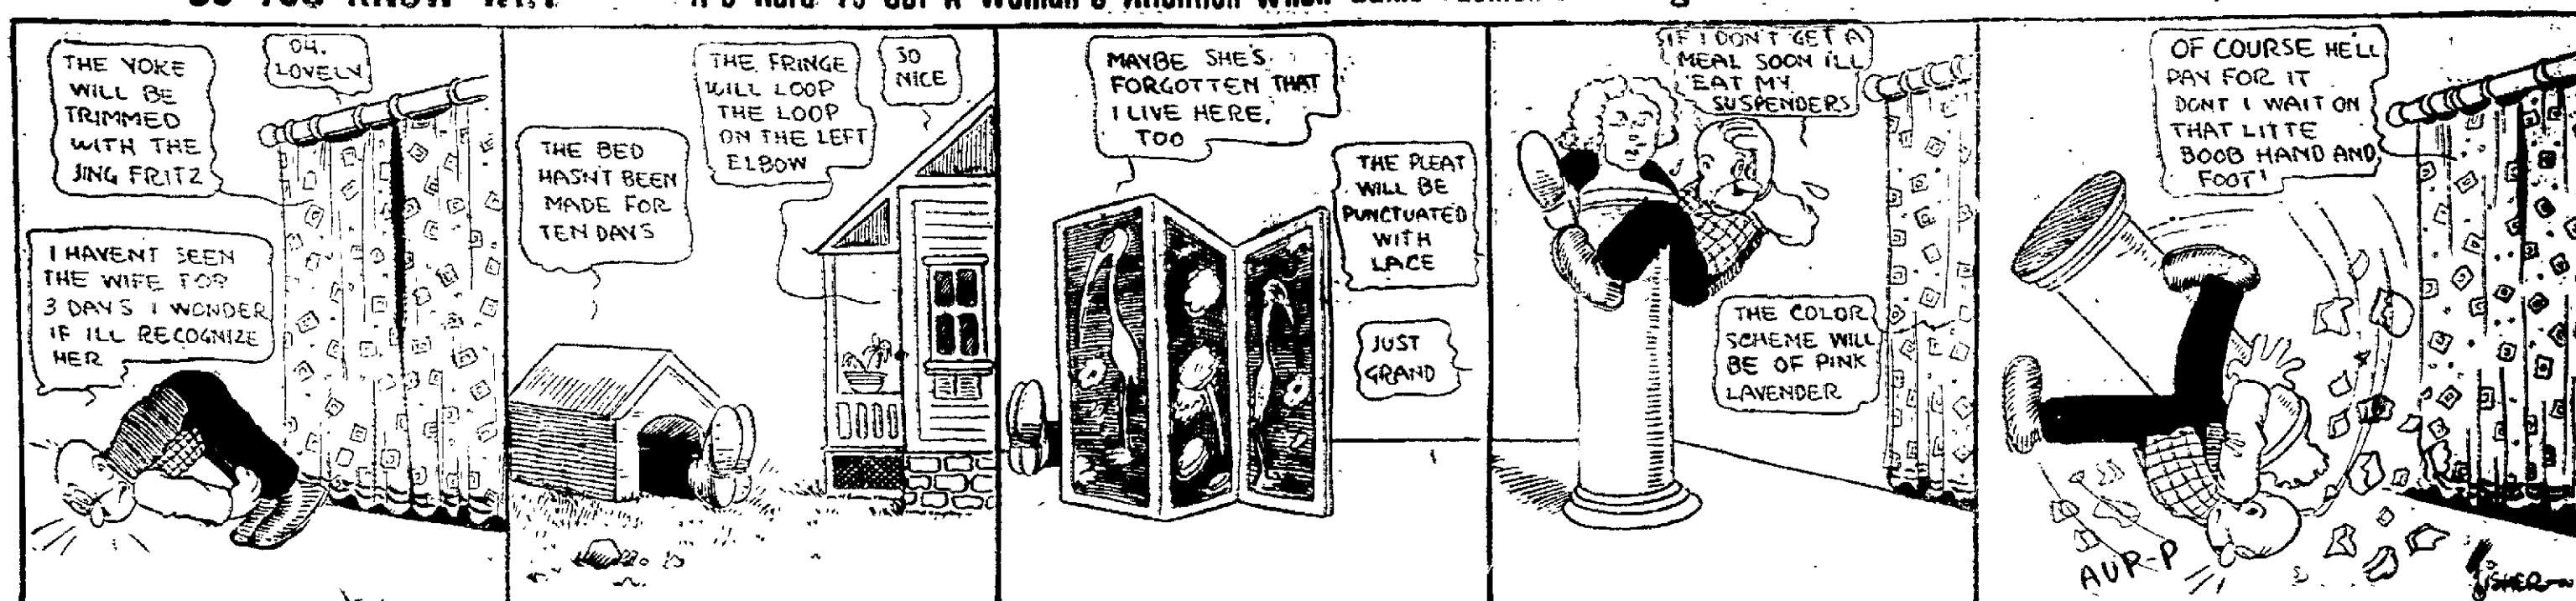

A man may be justified in parading his virtues, if he dresses them up in uniforms of khaki.

CONGRESSMEN MAY TAKE STUMP TO TELL OF WAR NEEDS

ASSOCIATED PRESS TELEGRAM
Washington, Aug. 9.—Congress may turn itself into a great chautauqua when it finishes work here to enlighten every section of the country on the need for prosecuting the war vigorously, not only as a war for world democracy, but as a fight for American rights and preservation.

President Wilson himself may do his "bit" in the same direction, possibly by a speech on some occasion or by a letter to congressional leaders.

Plans were in a nebulous state today but all the under-current in official quarters was toward such a move.

Congress leaders were talking of practically putting congress on the stump by asking every representative and senator to go through his district during the recess speaking on the part of the United States in the war and emphasizing that the United States is fighting for the future, not of the world, but of itself. Those who favor the plan point out that the country is hearing many agitators who oppose the draft and participation in the war. They think that fathers and mothers who are giving sons to the colors should hear something on the other side of the question and from official sources.

BUELL AND WRIGHT TO ENTER SECOND OFFICERS' CAMP

Notifications are being received today by the successful applicants for entrance to the second officers' reserve training camp. Frederick Wright, son of F. S. Wright and J. Harold Buell of the Ohio Light & Power company have already received word that they will be admitted to the camp.

The present men at Ft. Benjamin Harrison, will be released in a few days, over a thousand of them who were notified that they had not received commissions being released today. The announcement of the commissions will be made today.

ZANESVILLE LIBERAL IN RED CROSS DONATIONS
Zanesville, O., Aug. 9.—Twenty thousand dollars was subscribed yesterday, the first day of a two-day campaign to raise the city's Red Cross quota of \$25,000, Muskingum county, outside of Zanesville, raising \$25,000. The campaign was postponed from last June on account of the Y. M. C. A. campaign, which netted \$225,000.

SEVEN EVENTS ARE ON PROGRAM FOR MOTORCYCLE RACES

Plans are completed for the motorcycle races which will be held at Moundbuilders Park on Sunday afternoon. All the entries are in and seven events have been arranged on the program.

The men will all be local riders, and a number of interesting spectacles will be featured.

ARREST TWO FOR ARSON WANTED THE INSURANCE

ASSOCIATED PRESS TELEGRAM
Columbus, Aug. 9.—Fire Marshal T. Alfred Fleming received a report of the arrest of J. B. O'Neal and May Longnecker at Easton yesterday on charges of arson, growing out of an alleged attempt to fire a residence there. Investigators also have arrested Adolph Sess at Middelford, on charges of setting fire to the home of Mrs. William Boyd there. Officers say they will attempt to prove that Sess was employed as a "fire bug." Officers think the motive in both instances was to collect insurance.

ACCEPT ONE-THIRD FOR NEW NATIONAL ARMY

ASSOCIATED PRESS TELEGRAM
New York, Aug. 9.—With the announcement today that two districts had obtained the quotas required by the selective draft law, it was estimated by Roscoe S. Conkling, deputy attorney general, in charge of the work in this city, that one-third of the men called for examination have been accepted for the new national army. As the revised returns for the various districts were being tabulated today, it was said that the percentage of men reported and claiming exemption was daily decreasing.

Following the organization of the district board with Charles E. Hughes as chairman, it was announced that the government will appeal every exemption claim granted by local boards in New York City and it is understood that in appealing the thousands of such claims that have been filed, the government will have the aid of a number of lawyers who will be assigned by the war association to represent the war department.

NO STRIKE IN SPAIN.
ASSOCIATED PRESS TELEGRAM
Madrid, Aug. 9.—Danger of a railroad strike in northern Spain has been averted. At a meeting last night the leaders of the men voted to call in the strike notices, expressing the hope that by doing so the Spanish government would be enabled to obtain satisfaction of their claims from the railroad companies.

BREAD CARDS MAY BE USED IN PARIS

ASSOCIATED PRESS TELEGRAM
Paris, Aug. 9.—The impending bread cards which will be introduced in Paris probably in October will be necessitated in part by the unprecedented bad weather prevailing during the last several weeks. According to an official announcement the "deficit in the crop which the weather we have been having has augmented, does not permit France, any more than any other country, to fail to take the most minute precautions if the year 1917-18 is to be passed without a crisis."

TAFT MUST TAKE MUCH LONGER REST

ASSOCIATED PRESS TELEGRAM
Clay Center, Kansas, Aug. 9.—Physicians today announced that Former President William Howard Taft, who was taken ill here, had passed a comfortable night. They declared it might be necessary for him to take a longer rest than was contemplated and that he would not leave here today to resume his speaking trip, as had been expected.

ADEQUATE SUPPLY OF JARS FOR SAVING FRUIT

ASSOCIATED PRESS TELEGRAM
Washington, Aug. 9.—Reports reaching the department of agriculture indicate that there will be enough glass jars, new and old together, to care for the bulk of the season's perishable fruits and vegetables.

Manufacturers state that of one type of jar alone 900,000 gross have been distributed. The manufacturing capacity for this type is approximately 6000 gross per day, or 87,000,000 jars during the next hundred days.

These figures do not take into account the great quantities of jars in stores and on housewives' shelves.

GERMAN EDITOR HELD FOR URGING RESISTANCE

ASSOCIATED PRESS TELEGRAM
Little Rock, Ark., Aug. 9.—Curtis Ackerman, editor of a German-language newspaper here, was arrested yesterday charged with encouraging resistance to the draft. Henry Rector, assistant United States district attorney, said that a young man of German parentage, who had been called in the first draft, had informed him that Ackerman offered to give him powders which would reduce his weight so that he would be physically disqualified for army service. Ackerman was released on \$2500 bond.

MARCONI REPORTS AMERICA READY TO AID ALL ALLIES

ASSOCIATED PRESS TELEGRAM
Rome, Wednesday, Aug. 8.—(Delayed).—Senator Marconi, of wireless telegraph fame, the last member of the Italian mission to return from the United States arrived in Rome today. The senator made a most satisfactory report to Premier Bosi, regarding conditions in America and the assistance which that country is ready to give to the entente allies. He also told the government in detail what Italy might expect to obtain from the United States.

Signor Marconi tonight left for the front to report to King Victor Emmanuel.

KIDS TEAR KAISER PAGE FROM BOOKS

ASSOCIATED PRESS TELEGRAM
Chicago, Aug. 9.—Although Mayor Thompson's new school board declined to remove a page laudatory of the Kaiser from the eighth grade speller, the page is being "strafed" anyway by the youngsters themselves.

Every mail brings mutilated pages torn from the speller to the newspapers. Often they are accompanied by childlike letters. Writes one:

"Not 't other is a first class yeman in the navy, so you see how I feel about the speller."

The torn page was enclosed and hope expressed that "all other boys and girls would do the same."

Little Helen Merry wrote:

"Here's my page. I have no further use for it."

400 AUSTRIAN MINERS STRIKE IN MINNESOTA

ASSOCIATED PRESS TELEGRAM
Duluth, Minn., Aug. 9.—Four hundred Austrian miners employed at the Gilbert Iron properties at McKinley, Minn., who went on strike yesterday, declaring they would not produce metal "to kill their countrymen" have returned to work, according to dispatches this morning.

PINEAPPLE FOR NAVY.

ASSOCIATED PRESS TELEGRAM
Washington, Aug. 9.—The navy department today placed orders for 1,687,000 pounds of canned pineapple, a year's supply for the Atlantic fleet and east coast navy yards and stations. Five firms with canneries in Honolulu received the order.

Just because a man carries a dollar watch he doesn't necessarily complain of bad times.

In spite of the fact that they are not an expensive cigarette, more fatima are smoked by men who can afford what they like than any other cigarette in the United States.

20 for 15¢

Nowadays men want full value

It is only natural—and particularly in these times—that every day sees new thousands of men choosing such a sensible cigarette as Fatima.

For Fatima is a common-sense smoke. It represents neither frills nor fads. In fact, it resents them.

Fatima doesn't even stand for "high price." It stands for as good honest *worth* as can be found in any cigarette made. Good, pure tobaccos—well blended.

That explains Fatima's *comfort*—a balanced Turkish blend that *never* disturbs even though you may smoke more often than usual.

NEWS IN THE WANT COLUMNS FOR YOU TONIGHT

"I FEEL GREAT!" SAYS NEWARK MAN

Trunell Expresses Regret That He Did Not Know of Tanlac Long Ago.

The record Tanlac is making in Newark is most sensational. Both men and women clamor for an opportunity to extend the usefulness of the Master Medicine. Homer Trunell, living at 109 Jackson street, is one of them. He continues as follows:

"I was in a rundown condition for a long time. I didn't sleep good and hadn't any appetite. The least little exertion tired me out. I had dull headache, my back hurt me and I was awfully nervous, too. I lost interest in everything and could not see the bright side of life."

"Tanlac helped me wonderfully. I'm like being made over. I had my appetite back in a few days and am making up for lost time. I can say that Tanlac helped my back right away. I never lost an hour's sleep any night and wake so full of vim my work's like play now. Had I only known of Tanlac long ago."

Tanlac, the new vegetable tonic, stomachic, appetizer, combatant and invigorant, is being specially introduced at Ermian's Arcade drug store, where the Tanlac man gives the particulars to steadily growing crowds daily. Tanlac may also be procured at the Evans pharmacy (Warden Hotel block, East Side Square), Newark.

Hebron

Mr. and Mrs. B. T. Burch and son Hamlin spent Sunday at Coshocton. Arthur Barrick of Coshocton, and Miss Nellie Davis of Zanesville, visited with Mr. and Mrs. Elmer Wertz on Monday.

Mr. and Mrs. J. W. Bartholow spent Sunday with the family of Mr. George Pigg at Forrest Hill, Madison township.

Mrs. Laura Davis entertained the Scioto club of Kirkersville on Thursday afternoon.

Class No. 10 of the M. E. Sunday school was entertained by Mrs. T. M. White on Tuesday evening.

Philip Longstreth, an aged and respected citizen died at his home on Tuesday evening at four o'clock. Funeral services at the M. E. church at eleven o'clock Thursday. Interment at Gratiot.

The McNaughten reunion was

HERE ARE ONLY VALID REASONS ON WHICH TO CLAIM EXEMPTION

The following are the only grounds upon which the United States government allows exemption from military service:

1. That you are an officer, legislative, executive or judicial, of the United States, a state or territory, or the District of Columbia.
2. That you are a regular or duly ordained minister of religion.
3. That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.
4. That you are in the military or naval service of the United States.
5. That you are a subject of Germany, whether you have taken out papers or not.
6. That you are a resident alien who has not taken out first papers.
7. That you are a county or municipal officer.
8. That you are a custom house clerk.
9. That you are an artificer or workman employed in an armory, arsenal or navy yard of the United States.
10. That you are employed in the service of the United States (under such conditions).
11. That you are a licensed pilot regularly employed in the pursuit of your vocation.
12. That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.
13. That you are a married man with a wife or child dependent on you for support.
14. That you have a widowed mother dependent on your labor for support.
15. That you have aged or infirm parents dependent upon your labor for support.
16. That you are the father of a motherless child under 16, dependent upon your labor for support.
17. That you are a brother of an orphan child or children under 16 dependent upon your labor for support.
18. That you are a member of any well recognized religious sect or organization organized and existent May 18, 1917, and whose existing creed or principles forbade its members to participate in war in any form and whose religious convictions are against war or participation therein in accordance with the creed or principles of said religious organization.

If a claim for exemption has been filed and proof in its support has been presented it will be only a matter of a few days until the local board passes on it. There can be no argument before the board, only the presentation of affidavits, unless the board calls for additional proof. If the claim is allowed a certificate of discharge or exemption will be issued. This certificate may be recalled at any time. The case may still be appealed to the appellate board by the government or the individual, and on this appeal the certificate may be withdrawn at once and the application stand exactly as if he had been drawn for service by the local board.

held on Wednesday at the home of Mr. and Mrs. B. L. Hawke.

Miss Josie Beringer of Ft. Wayne, Ind., was the guest of Mr. and Mrs. Howard Trimmer during the past week.

MOVING DAY.

Have you had the experience in moving of having some valuable piece of furniture spoiled or broken? The next time you move or have your household goods stored just call 1741 and have Phil Vogelmeier do the work of moving or storing your goods. You will find that he takes the greatest of care and that your furniture will not be spoiled. If you want it stored he will place it in the FIRE PROOF storage warehouse where you will be protected from fire loss. It will not cost you more than if it were stored in a building that was not fire proof.

FORD TRUCK ARRIVES

Rev. J. E. Walters will preach at 1:30 and assist with the communion services. A basket dinner will be served in Wilson's grove. All are invited to attend and take baskets.

New Cash Grocery.

The room formerly occupied by the Mazda motion picture theatre in West Main street has been rented by Mr. Skinnell of Columbus and the fixtures and stock for a new cash grocery are being installed today. Three loads of merchandise have been brought to Newark in heavy trucks. The manager of the new store formerly conducted a grocery in Columbus.

Colored Camp Meeting.

There will be a colored camp meeting held at Byesville during the entire week of August 11.

Missionary Society.

The Foreign Missionary Society of the East Main Street M. E. church will meet at 2 o'clock Friday afternoon in the church. Come prepared to sew for the Red Cross at the meeting.

Dumbauld Reunion.

The 19th annual reunion of the Dumbauld family will be held at the home of H. L. McClintock, two miles southwest of Homer on the upper Granville road, Thursday, August 16. All relatives are requested to be present.

Newark Lutheran Charge.

Sunday services St. John's Lutheran church on Linville pike: Sunday school, 9 a. m. Divine worship with sermon, 10 a. m. H. L. Greenwald, pastor.

West Newark Cornet Band.

The West Newark band will rehearse at the home of Ed M. Larason 473 West Main street next Friday evening, preparatory to its all day engagement at the United Brethren Union Basket meeting at Smith's grove near Gratiot on next Sunday. The Tenth Street U. B. male chorus will attend, and Rev. A. H. Cox will preach in the afternoon. The band boys will make the trip in a big auto truck.

Back From Coast.

Miss Florence Stone, who has been on tour to the Pacific coast with one of the John Cort musical comedies, is the guest of her mother in West Church street. She will return to New York next week to begin rehearsals for one of the winter garden shows.

Police Court.

Geo. Mason, who was arrested for drunkenness and assault and battery was fined \$5 and costs and \$5 and costs in this morning's session of police court. One drunk drew a fine of \$3 and another the usual \$5 and costs. A case of disorderly conduct was dismissed by the mayor.

SET ASIDE DAY FOR AUTO OWNERS AT LICKING FAIR

All automobile dealers of Newark are invited to be present at a meeting to be held in the Chamber of Commerce rooms at 3 o'clock tomorrow afternoon for the purpose of forming plans for "Automobile Day" at the coming Licking County Fair.

If enough interest is taken the county fair board has agreed to designate Friday, September 14, the closing day of the fair, as automobile day. The plan is to attract motorists from all over Licking and surrounding counties and to have features which will interest them.

A large attendance of automobile dealers is desired to help promote the event.

There will be an all day meeting at Newton Chapel Sunday school at 9:30; preaching at 10:30;

OHIO ASSEMBLY HAS AUTHORITY TO FIX PRICES

(Continued From Page 1)

of coal may be passed at the present time.

"While you do not specifically ask my opinion as to food products, nevertheless, following the line of authorities hereinbefore set forth, it will be readily seen that the legislature would be authorized to regulate the price of food products as well as the price of coal."

Andrew Foster, the state's expert accountant for the coal inquiry, is expected to be assigned this week to start his task in Cleveland and Youngstown, checking data on dealers' cost of handling, drayage, etc., submitted by dealers to the state coal clearing house as a basis for maximum prices to the consumers in those cities.

However, the tone of a statement issued later by Governor Cox on the coal situation, indicated he is not now considering calling a special session of the legislature. Definite federal action is awaited now.

"I have assurances from Washington that the Lever bill, which is now a law, gives the federal trade commission, upon direction from the president, the fullest authority to establish the prices at the mines," said the governor today. "We further are advised that hearings in all probability will be had, but that the prices will be determined in the course of two weeks. They will give Ohio a basis upon which to begin, because the first price is at the mine."

"The clearing house established in the state through the war council is arriving at the actual cost as it accumulates through transit by railroad and local deliveries to the consumer. An expert accountant from the state auditor's office—Andrew Foster—has been assigned to the detail of investigating the real expense.

There is so much discrepancy in the alleged costs for delivery in the communities that the only effective way of arriving at the real truth seems to be a careful audit by the state.

"The real situation then would seem to be simply that the federal government has the authority to fix prices at the mines and the state will give protection against any extortions that might be attempted by commercial dealers.

"The people are making every sacrifice to win this war. They are giving their sons, their energies, their substance to the nation. They have, in return, the right to demand that the government will give them something back—that they be protected against hardship and suffering from extortions prices for the necessities of life. We have full hope that before the first of September each community will be advised what coal will cost.

"In connection with the difficulties that have arisen in the coal situation, to whom the transportation problem is given, the state government was made that an inquiry is under way concerning a report that some railroads in the state have been selling their rolling stock to Canadian transportation concerns.

"If this is true," said the governor, "it is the most radical violation of the corporation professed by the railroads at the outset of the war. I am willing to believe it. The state will enter upon the inquiry open-mindedly, but the public will be

fully advised of the result of the investigation."

It is probable that a state representative will be sent to Washington to secure the federal trade commission figures on actual cost of mining coal in Ohio, which otherwise will not be available for two weeks. The governor wants the information in time to use at the Chicago coal conference of representatives of mid-west states August 16.

"Prices scales, fixed by any one coal-producing state, independent of surrounding states and in the face of assured federal action would see impracticable," said the governor.

ONE-THIRD CLAIM EXEMPTION; MOST ARE MARRIED MEN

3 SOUTH THIRD STREET

AIRPLANE FLIGHTS TO BE FEATURE OF LICKING CO. FAIR

The Chamber of Commerce and the business men of Newark are co-operating with the Licking County agricultural board to make the Licking County fair at Newark, September 11, 12, 13 and 14, the most successful in its long and honorable history. Many new features have been added. Bigger premiums and purses are offered and the fair dates have been advanced several weeks in order to increase the attendance.

Joseph Richter, pilot No. 31 of the Aero Club of America, will arrive from New York several days before the fair opens and prepare for a series of flights. Two flights will be made daily beginning Tuesday, September 11.

There will be racing all four days of the fair, an increase of one day over previous years. A fine racing program is assured.

The country school exhibits will be even larger than last year when they proved one of the most popular features of the fair. The Chamber of Commerce is again offering nearly \$200 in cash prizes for the various events.

Another feature of interest will be an exposition grange drill Wednesday morning at 10:30 o'clock continued to Licking County with the following prizes: First, \$20 in gold; second, \$15 in gold; third, \$10 in gold.

U. C. T. PICNIC AT LAKE SATURDAY EXPECT BIG CROWD

The U. C. T. will hold a picnic at Buckeye Lake, Saturday.

The picnic committee has received notice from a large number of the members, stating that they expect to bring their families to the picnic. Automobile owners are requested to have their machines on the east side of the square at 9 o'clock and take with them as many as they can of those who have no conveyance of their own. An interurban car will take those left. The picnic dinner will be held on the grounds of the Mauger Hotel, in place of Picnic Rock. Jesse B. Walters, of the Arcade Hotel, is busy securing the good things for the dinner and will take an auto truckload to the lake on Friday evening. He has agreed to remain there and assist the Coulter company in preparing and serving the dinner. A splendid program of sports for the day has been arranged by Chairman George Raley and his committee.

K. OF C. OUTING AT LAKE IS ATTENDED BY 3,000 MEMBERS

Between 3,000 and 5,000 people will be at Buckeye Lake today attending the annual district outing of the Knights of Columbus, all the members of the Central Ohio Councils participating.

This year Lancaster is the host and large delegations will attend from Lancaster, Columbus, Zanesville, Mt. Vernon, Coshocton and other central Ohio towns. The Mauger dancing pavilion has been taken over for the afternoon and evening, and a program of interesting races and contests will be featured. There will be a ball game between two picked teams and during the dancing program this evening, the Choral Club of Council No. 400 of Columbus will vocalize a large number of the dance numbers besides giving selections during the intermissions. The day being ideal, an unusually large crowd is anticipated.

GEN. CROWDER ORDERS

(Continued from Page 1) whenever the parties drafted are in a status with respect to persons dependent upon them for support which render their exclusion or discharge advisable.

"Such dependency ordinarily renders discharge advisable, because since the drafted person loses his civil income and thus loses his means of support, the wife is left without support, and this lack of support is the effect which the act aims to avoid. But whenever such effect does not in fact follow, and the wife is not left without reasonably adequate support, but will receive such support from other sources, there is no real dependence rendering discharge advisable.

The following classes of cases are within this ruling:

"1. Wife and Children. "One where the parents or other relatives of the wife or the husband are able, ready and willing to provide adequate support for her (and children if any) during the absence of the husband.

"2. Where the wife owns land which has produced income by the husband's labor, but which could with reasonable certainty be rented during his absence, to other persons so as to produce an adequate support.

"3. Where there exists some arrangement by which the salary or wage of the husband is continued, in whole or in part, by third persons, being employers or insurers or others and such portion of the salary or wage, either alone or with an allotment of his soldiers pay or with other definite income, will furnish a reasonable adequate support.

ANNOUNCEMENT.
C. F. Hagner, professional piano tuner, voicing, action, regulating and player pianos, a specialty. Auto. phone 1777, 77 Commodore street. 6-18-d-1f

It takes a young doctor some time to build up a practice. In fact, he must have patients.

AUGUST SALES

Make Clean Sweep of All Our Summer Merchandise
Every Corner—Every Nook of Your Big Store Must
Clear Out All Remaining Summer Goods

Every nook and corner of this store has been scoured for summer delinquents. Thousands of dollars worth of them have been gathered together; tables and counters are now piled high with them. Prices below the present wholesale marked have been tacked to them to start them going at once.

While we are telling you about some of them, remember that there are many lots that are too small to advertise for fear that they will not last until you get here.
